|  |          | Crude Fat 50.1% (min), Moisture 2.3% (max)  |          |

**Servings per container:** 60-120

**Directions for use:** One full scoop of powder sprinkled on a meal once a day for large, medium and small dogs. One half scoop for toy and teacup sized dogs. Begin with half the recommended dose for the first week. You can make the powder into liquid gravy by incrementally adding small amounts of water to powder while stirring. Store in a cool dry place.

**Warning:** Keep in a safe place that's out of reach from your dogs. They may love this so much they'll help themselves and eat the entire bag!
